About WIFIN

Women in Finance and Investment Network is a non-profit and a membership-based organization committed to take action to bridge a generational gap in the finance and investment management industry.

It is known globally that there is an underrepresentation of women in the finance, investment, Fintech and other related roles. At WIFIN, we aim to address to this under-representation, with the hope to evolve public perception of what a female expert in these roles look like.

WIFIN exists to give women the opportunity to receive the highest level of professional education, build credibility, capacity, and tap into global network to pursue a rewarding career in the Finance and Investment management industry.

We aim to achieve this objective through series of dialogues, correspondences, webinars, meet-ups and conferences as well as special programs together with our partners.

Vision:

Women in Finance and Investment Network is about taking action to bridge a generational gap in our industry.

WHAT WE Stand for

Diversity

Opportunity

Synergy

Diversity

When it comes to balancing gender equality, finance has simply not kept pace with many other professional fields, such as law, academia, and medicine.

We place high value on diversity by fostering a trusting, open and inclusive environment that treats each member in a manner that reflects our unique way of raising professional women for higher roles in finance.

Synergy

We are equally committed to connecting women at various echelons of leadership in the industry. By only coming, can we be confident of inspiring and supporting each other to reach the top.

Together with our global partners, and through series of collaborative programs, we trust that we are on a path to shaping the future of the Finance and Investment management industry.

Opportunity

Imagine the future of finance without the effective leadership role by women. We believe that our collective effort as WIFIN will become a catalyst for a transformed finance and investment industry for the future.

Membership

Take advantage of this incredible opportunity to join a global network which supports your development and career ambitions.

Whether you are a current finance student or working in the finance and investment management industry, this is your opportunity to join the WIFIN.

Student members - \$25 per year

Membership benefits

A global network

WIFIN is all about providing members a single global platform to network with professionals in the finance and investment management industry. Members also get the opportunity to network with professionals from other global institutions around the world.

Events

We have well-structured programs to engage members throughout the year. Events range from those meant to enhance the professional capacities of members to networking around breakfast, lunch and dinner social gatherings at chapter, regional and global level.

Our events appear in the form of

- Book clubs
- Webinars and Seminars
- Breakfast
- Summits & Conferences
- Roundtables etc.

WIFIN Scholarship

In line with WIFIN's vision and mission to empower women to successfully achieve their professional career goals, WIFIN in partnership with the CGIA Institute has introduced a merit-based scholarship scheme for its members around the world. The scholarship is offered both in full and partial (fees discounted) for our members who wish to enroll in the CGIA Charter program.

Finance & Investment insights

Members get access to newsletters on current trends happening in the finance and investment banking industry around the globe.

We also conduct regular interviews with successful women in finance and investment management industry around the world and all these insights are shared with our members.

Professional mentoring programs

WIFIN facilitates regular workshops and capacity building programs for our members across all levels.

With a network of experienced professionals, we are able to empower members through mentorship programs to enable them build career ambitions and develop relevant skills needed to succeed in the industry.
