WOMEN IN FINANCE & INVESTMENT SUMMIT 2022

DIVERSITY | SYNERGY | OPPORTUNITY

MAY 26, 2022 || HENNESSY PARK HOTEL, EBENE, MAURITIUS

www.wifinglobal.org/events

From Women in Finance & Investment Network

It's a great pleasure for me to welcome you to the 1st Women in Finance & Investment Summit to be held in Mauritius.

This Summit is an initiative of the Women in Finance & Investment Network (WIFIN) and the CGIA Institute, the global body of finance & investment professionals.

The relevance of the conversation on Diversity & Inclusion in the finance and investment management industry cannot be overemphasized enough.

In a global trend, there's an under-representation of women in the finance & investment management industry.

It's therefore important that all stakeholders join hands to empower women in the finance & investment management to successfully achieve their professional potentials at each and every stage of their career.

Increasingly, WIFIS is becoming the leading platform to inspire the next generation for diversity and inclusive conversations and partnerships in the finance & investment management industry.

We have successfully hosted and curated this Summit across other countries including Ghana.

Together, let's join hands to inspire actions to promote diversity and inclusion in Mauritius's finance & investment management industry.

Thank you.

Dikshita Awotarowa, CGIA

Founder & President

Women in Finance & Investment Network

About WIFIS 2022

We are delighted to present the annual **Women in Finance & Investment Summit (WIFIS 2022)**, the leading platform to inspire the next generation for diversity & inclusive conversations and partnerships in the finance & investment management industry.

WIFIS 2022 will bring together female finance and investment leaders, young professionals and industry partners who are committed to driving diversity in the finance and investment management industry.

This Summit is part of series of global conversation curated by the Women in Finance & Investment Network and the CGIA Institute.

About Women in Finance & Investment Network

Women in Finance and Investment Network is a non-profit organization committed to taking action to bridge a generational gap in our industry.

WIFIN exists to give women the opportunity to receive the highest level of professional education, build credibility, and tap into a global network to pursue a rewarding career in the Finance and Investment management industry.

We aim to achieve this objective through series of dialogues, correspondences, webinars, meet-ups, and conferences as well as special programs together with our partners.

Feedback from WIFIS 2021

“A Summit like this is vital because unless people do talk to each other and come to know each other, then it seems to me to be extremely unlikely that they will take the next steps.”

Sylvia Inkoom
Deputy MD, UBA Ghana

WIFIS was fantastic. The impressive quality of the speakers, the breadth and depth of the panel discussions and the diversity of networking opportunities I experienced at the WIFIS 2021. This is an event that I will definitely come back to in 2022”

Dr. Suzy Aku Puplampu
CEO, OctaneDC

The WIFIS program was very well put together and overall a good summit to attend with excellent networking opportunities. If the organisers continue to “keep it real” with the right high level attendees , this is a Summit not to be missed.”

Abena Osei-Poku
Managing Director, Absa Bank Ghana

Outstanding speakers and wide-ranging participation - a must-attend event for anyone seriously involved in or considering a career or doing business in the finance & investment management industry.

Akofa Dakwa
Chief Risk Officer, Bank of Africa

The concept, attendance and execution were all first rate and we hope we can find a way to be involved again next year.

Abena Brigidi
CEO, NIMED Capital

We share in the common vision of WIFIS of broadening the conversations & taking actions in respect of diversity & inclusion in the finance & investment management industry.

Maame Adjoa Thompson
CEO, Savvy Securities Ltd.
